

FROM THE ASSISTANT CITY LIBRARIAN

I would like to take this opportunity to introduce myself. My name is Jacqueline Stewart, and I am honored to serve as the new Assistant City Librarian. I joined the Victorville City Library in July 2025. Prior to working with the City of Victorville, I was a branch manager and librarian in a public library, and I also gained experience working in academic libraries. I am truly excited to be part of the Victorville City Library team and deeply committed to serving this wonderful community. As you may know, the library will be closed to the public beginning November 1, 2025, as we prepare for the grand opening of our brand-new facility. This is an exciting milestone for all of us, and I feel privileged to be part of such a great moment. During this transition, I want to highlight the library's digital resources that you can enjoy from home. One of the platforms we offer is Hoopla, which provides eBooks, audiobooks, comics, movies, documentaries, television shows, and more. We also offer the Palace Project, which gives you access to a wide range of eBooks and audiobooks. Both platforms can be accessed easily through our website using your library card number and PIN.

We encourage you to take full advantage of these resources while the building is closed and we can't wait to welcome you back to a beautiful new library.

On behalf of the entire library team, thank you for your continued support, patience, and enthusiasm.

Assistant City Librarian

FROM THE PRESIDENT

For the next few months, our library will be busy transitioning from the old library to our new library on Greentree Blvd. The old library will close on November 1 to begin the process of moving.

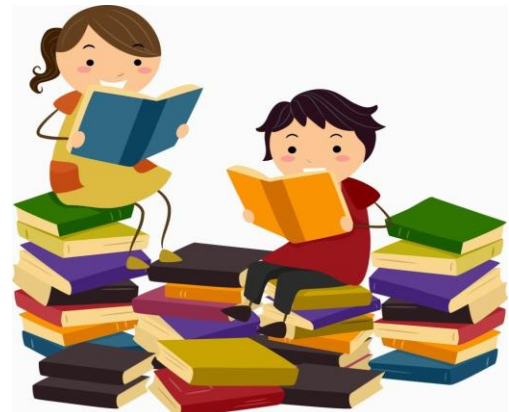

The *Friends* will also be preparing the books from the bookstore and storage shed for transfer to the new library.

The new library will have its Grand Opening on January 10, 2026 from 10am to 2pm. Visitors will be able to tour the facilities and see all the improvements.

Our many thanks to our City Council and city staff for all their work to make our library more responsive to the needs of our community.

.....

A single book can spark a love of reading, open new possibilities, and give a child the tools to succeed. Yet right now, far too many children are starting the school year without access to the books they need to grow and thrive.

We are proud that our new library has a special, large area set aside for developing our children's reading skills. In addition, the Friends of the Victorville Library sponsors Little Free Libraries in three of our city parks – Hook Park, Las Haciendas Park and Liberty Park. A portion of the books you donate to us are placed in these little neighbor libraries.
